EDUCATION

University of Maryland Global Campus | Adelphi, MD **Bachelor of Science in Web and Digital Design** | *Expected Graduation: December 2026*

University of Baltimore | Baltimore, MD **Bachelor of Arts in English** (Specialization in Discourse & Technology)

TECHNICAL PROJECTS

Financial Services Web Platform | *HTML5, CSS3, JavaScript, Responsive Design, Git/Github*

- Designed and developed a user-friendly multi-page website for financial service interactions.
- Implemented responsive CSS layouts, structured semantic HTML5 markup, and clean UI components optimized across desktop and mobile devices.
- Managed source code and version control using Git and GitHub.

Personal Developer Portfolio Website | *HTML5, CSS3, Responsive Design, Git/Github*

- Designed and built a responsive, accessible web portfolio featuring modern layout architecture, custom theme, and navigation.
- Implemented clean semantic markup and modern styling practices optimized across mobile and desktop breakpoints.
- Maintained continuous integration and source code using Git version control with over 400 commits.

Maryland Coastal Coffee Website | *HTML5, CSS3, Responsive Design*

- Designed and structured a multi-page website focused on layout and responsive navigation.

Mobile App UI/UX Interactive Prototype | *Figma, UI/UX Design, Interactive Prototyping*

- Developed initial low-fidelity wireframes to plan user flows and app architecture in Figma.
- Built high-fidelity UI designs and mapped out intuitive, interactive components to simulate full mobile user experiences.

PROFESSIONAL EXPERIENCE

Target | *Retail Team Member* | November 2023 – Present

- **Zone and organize assigned departments daily**, maintaining high standards of visual presentation, facing items on shelves, and returning out-of-place items.
- **Communicate with store leadership** via walkie to resolve daily operational needs and address guest needs efficiently.
- **Use inventory technology (MyDevice)** to locate products, manage backstock, and occasionally complete price and inventory audits.
- **Assist guests with digital tools**, including navigating the Target App, loyalty programs, and mobile payment transactions.
- **Perform cash handling, register operations, and self-checkout support** with high accuracy and attention to detail.
